### **DETAILED ACTION**

**Claims 1-13 are cancelled.**

#### ***Amendments***

- (1). The applicant's amendments filed on December 9, 2005 has been received with the following results.

Claim 19 is amended to depend from claim 14. Claims 21 and 23 are amended to depend from claim 15. The total claims in Group I are 14-17, 19-21, and 23-25 as currently presented.

#### ***Election/Restrictions***

- (2). Applicant's election with traverse of Group I, claims 14-17 and 19-21, 23-25 in the reply filed on November 7, 2005 is acknowledged. The traversal is on the ground(s) that the independent claims direct to a product, as well as use of that product, they form a unity of invention. This is not found persuasive because the process of use is for lubrication as well.

The requirement is still deemed proper and is therefore made FINAL.

#### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

- (3). It is noticed that the filing date of this application January 12, 2005 is beyond 18

months period from filing date of PCT/EP02/14784 December 27, 2002, also beyond the 30 months period from the Foreign priority filing date December 27, 2001. Therefore, the publication of Gonzalez et al (WO 2003-056061A2) is available as a prior art reference. See MPEP Section 1893.

(4). Claims 14-17, 19-21 and 23-25 are rejected under 35 U.S.C. 102(b) as being anticipated by Gonzalez et al (WO 2003056061A2).

The disclosure of Gonzalez et al (WO 2003056061A2) anticipates every word of the instant Application. Thus, the claims 14-17, 19-21 and 23-25 are rejected.
